

MISSION

Multi-modal Inclusive Smart urban mobility SolutIOns

This project is supported by the Interreg IPA ADRION programme under the Interreg Funds (European Regional Development Fund and IPA III)

MISSION project aims to enhance urban mobility by integrating public transport services with shared vehicles, cycling and walking pathways, in order to make travel experiences seamless and more attractive. A Smart-App able to offer “door-to-door” customized travel solutions and information about level of service and safety will be designed with the active involvement of citizens and transport operators. By leveraging transferable modeling techniques, the App will be tested in several cities of the Adriatic-Ionian Region.

Project budget in EUR

€ 1.478.765,64

INTERREG funding in EUR

€ 1.256.950,79

Project duration

30 months
